COMPLEX 24/14 +7SO₃

Mineral fertilizer - PFC 1 (C) (I) (a) (ii)

NP (S) fertilizer 24/14 (+7.5)

24 % N	Total nitrogen 10.0 % N Nitric nitrogen 14.0 % N Ammoniacal nitrogen
14 % P₂O₅	Total phosphorus pentoxide 11.2 % P ₂ O ₅ Water-soluble phosphorus pentoxide 14.0 % P ₂ O ₅ Phosphorus pentoxide soluble in neutral ammonium citrate
7.5 % SO₃	Water-soluble sulphur trioxide

Quantity: kg net

Ingredients: Ammonium nitrate CAS n° 6484-52-2 (CMC 1), Ammonium dihydrogen orthophosphate CAS n° 7722-76-1 (CMC 1), Ammonium sulphate CAS n° 7783-20-2 (CMC 1), Calcium hydrogen orthophosphate CAS n° 7757-93-9 (CMC 1)
CMC 1: Virgin material substances and mixtures

Type number: 7500/90122.01

Product properties:

Bulk density: ~ 1030 kg/m³
Granulometry: Granules, 2.0 to 5.0 mm > 95 %

Customs tariff number: 3105 5100

Safety data sheet available on request.

Storage: Keep dry and protect against heat and solar radiation.

For soil application on arable crops and grassland (150 – 500 kg/ha), at vegetation start followed by N top dressings when required. We advise adjusting the recommendations to the particular situation to avoid over-fertilization. Consider country specific regulations; seek counsel from advisors or from www.borealis-lat.com.
